PRESIDENT'S WELCOME MESSAGE

Dear Colleagues and Friends in Paediatric Critical Care,

It is my great pleasure to welcome you to Cancun, Mexico from 1-5 June 2024, for the 12th World Congress of the World Federation of Pediatric Intensive & Critical Care Societies (WFPICCS). This is the first in-person WFPICCS event since the onset of the devastating Covid19 global pandemic, and I am so excited to meet with colleagues and friends face to face once more.

The outstanding interdisciplinary local and international scientific committees are currently hard at work to ensure that WFPICCS 2024 will deliver a high quality scientific programme, sharing the latest developments in paediatric intensive and critical care across the spectrum from basic science to the bedside and beyond to global health challenges and opportunities. This program will be tailored to the entire interprofessional pediatric intensive and critical care community of physicians, nurses, scientists and allied health professionals, providing a platform to advance professional knowledge, enhance skills, share experience and network with colleagues and friends from around the world.

In addition to the stimulating educational and scientific offerings, we can also look forward to an exciting social program, which will give us time to enjoy each other's company, relax and experience a taste of Cancun's rich heritage.

WFPICCS 2024 is well aligned with the mission and vision of WFPICCS. Together we aim towards improving paediatric critical care services across the globe, so that every child has the best chance of survival and quality of life following critical illness or injury.

WFPICCS President
Prof. Brenda Morrow

CHAIRMAN'S WELCOME MESSAGE

Bix a beel, ki'imak k'ool taale'ex México (From the Mayan language: Hello, welcome to Mexico).

On my behalf, Manuel Soriano, President of the WFPICCS World Congress and the organizing committee, it is a pleasure to extend a warm welcome to the 12th Congress of the World Federation of Pediatric Critical and Intensive Care Societies to be held in Cancun, Quintana Roo, Mexico, from June 1 to 5, 2024.

Mexico is a beautiful country with a rich history and a diverse culture that has captivated visitors for generations. It is an honor for us to host such a prestigious scientific event and we are excited to welcome you to our beautiful country.

This congress is an incredible opportunity to learn and share knowledge with professionals from different countries, all of whom are committed to improving the care of critically ill children around the world. The scientific program will be rich and varied, with keynote lectures, symposia and workshops covering a wide range of topics related to pediatric intensive and critical care.

In addition to the scientific program, we hope that you can enjoy the many attractions that Cancun and its surroundings have to offer, from stunning beaches to ancient ruins; there is something for everyone in this part of Mexico.

We gladly await you with arms wide open in Cancun to pediatricians, pediatric intensivists, nurses, kinesiologists, physiotherapists, and anyone related to pediatric intensive and critical care, for this WFPICCS Congress, in collaboration with SLACIP and AMTIP.

Regards

Manuel Enrique Soriano Aguilar
Chairman of the 12th World Congress of the WFPICCS
